Internet

The college recently had a new WiFi network installed, and each guest will need a unique code, which they will be given when they check in. The Network is **LCC-WiFi** and the network key is **welcome2lcc**. Once this has been entered each guest will then have to enter a unique username and password to register. This only has to be done the first time you log-in. Day guests can obtain a username from the Porters Lodge.

Accommodation and travel

- The organizers have reserved single rooms at Lucy Cavendish College, Cambridge, for three nights (Sunday Sept 20 to Tuesday Sept 22).
Note : this differs from the initial announcement (which stated a reservation for Monday night to Wednesday night)
Participants organize their travel to Cambridge.
- We recommend to come in on Sunday and travel back on Wednesday afternoon.

Notes :

- **All talks are 'chalk talks'** – no powerpoint ! no slides ! flipcharts only !
- Each presentation will be **20 min**, plus additional 5min for questions.
- The program is dense and session chairs will need to be very strict about timing talks to allow for in-depth general discussion at the end of the session.
- **General discussions** after each session are lead by a pair of participants, who summarize the main themes of the session and **identify open questions** to kick-start the discussion.
